July 22, 2012: Anna Kirstag ...Picnic at the Evening Bell Park:

What a beautiful day it was! In the morning bright sunshine greeted us as Father Hoeppe and Father Petricek celebrated mass in front of the chapel. Our master chef, Steve Rupanovits and his helpers prepared scrumptious German and Austrian food and Roy Perl, our master of ceremonies entertained young and old with numerous games. Many used the pool to cool off or to simply splash around. Last but not least, "The Golden Keys" band entertained us and created a fabulous atmosphere of fun and laughter.

Over 800 people attended this event and had a chance to sing, to dance and to chat with old friends that they might not have seen for a long time. John Brunner thanked everyone for attending and expressed his hope, to see everyone again, next year!

Do You Know Your Fellow Members? Kennen Sie Auch Alle Klubmitglieder?

Karl and Helene Bader have been members of the Burgenländer Club since its conception. When possible, they attend all the functions and offer support whenever needed. - Today, we would like to tell you specifically about Helene. Born and raised in Horitschon, Burgenland, Helene immigrated to Canada in 1957. Upon arrival in this country, Helene first worked in a garment factory and later on in the pharmaceutical branch. In this country, she also met her beloved Karl and they were married in 1958. Their union was blessed with three children and so far, they are happy grandparents to four youngsters. - Helene is an outstanding cook and pastry chef and her cakes and cookies are sought after by many of our members at our dances. We would love to pass on the recipes to you, however, that is not an easy task. Helene never uses recipes, she prepares all these goodies by heart. Maybe one day, we will just have to watch her when she is operating in her kitchen. --- Thank you Helene for all your hard work and your dedication to the cause. We are looking forward to another cake creation...

DIE AMERIKA-WANDERUNG DER BURGENLÄNDER

by Walter Dujmovits

In the spring of this year, the book with the title mentioned above, was re-edited and released. The first version was published in 1975, this is the 3rd edition. It deals with Austrian immigration, specifically with immigration from Burgenland. Please note that under the term "Amerika", the American continent is being addressed, not just the United States of America. There are also reports on immigrants from Burgenland to Canada, to Brasil, to Argentina and to Australia. The book is very interesting and informative. It is heartwarming and at times heart-wrenching to read of our countrymen, as they ventured into new countries and new territories.

At this time, only a German version is available. However, we were informed that an English edition was in the works.
